minimum charges: The minimum monthly charge under the above rate shall be \$15.00 plus applicable taxes for services requiring 10 kva of transformer capacity and \$0.45 energy assistance charge. For services requiring more than 10 kva of transformer capacity, the minimum excess monthly facilities charge shall be increased at the rate of \$1.25 plus applicable taxes and \$0.45 energy assistance charge, for each additional kva or fraction thereof required. Payments of the excess minimum facilities charge shall entitle the member in all cases to the use of the number of kWh in accordance with the forgoing rate.

terms of payment: The above rates are net, the gross being 10% higher on the first \$100.00 and 5% on the remainder of the bill. In the event the current monthly bill is not paid within 15 days from the date of the bill, the gross rate shall apply.

utility taxes: A Public Utility Tax, as specified by the State of Illinois, will be added to the above energy charges and to the monthly wholesale power cost adjustment charges. The cooperative may add future applicable taxes imposed on the consumer by any taxing authority.

wholesale power adjustment: The cooperative reserves the right to apply a wholesale power cost adjustment depending on purchased power cost from the wholesale power provider.
