As part of the consideration for such service, each member shall be the Cooperative's bailee of such facilities and shall accordingly desist from interfering with, impairing the operation of, or causing damage to such facilities, and shall use his best efforts to prevent others from doing so. In the event such facilities are interfered with, impaired in their operation or damaged by the member, or by any other person when the member's reasonable care and surveillance could have prevented such, the member shall indemnify the Cooperative and any other person against death, injury, loss or damage resulting therefrom, including but not limited to the Cooperative's cost of repairing, replacing, or relocating any such facilities and its loss, if any, of revenues, resulting from the failure or defective functioning of its metering equipment. 4. The Cooperative shall use reasonable diligence in providing continuous service but does not guarantee that such service will be at all times continuous. In event of interruption of service caused by revulsions of nature, strikes, riots, war, insurrection or by any other cause due to circumstances or contingencies beyond the control of the Cooperative, the Cooperative shall not be liable to the member(s) for any damage to person or property or for any loss sustained on the premises of the member(s) due to interruption of service.
5. The Applicant agrees to furnish to the Cooperative a right-of-way easement to construct, operate, repair, replace, improve and maintain electric lines and services which provide electric service to the Applicant in whole or in part at no charge to the Cooperative.
